STREETS

AN EVENING FOR YOUTH EMPOWERMENT

APRIL 20, 2023

For more than 50 years, Pathfinders has brought safety, hope and healing to youth and young adults facing traumas related to housing instability. And **mental health is the thread that connects every program, service and resource we offer.**

Young people we serve at Pathfinders often come to us with significant trauma. And they're asking for more mental health support. **They're asking for more peer groups, asking to talk to a therapist, asking for help identifying their triggers and better ways to cope.**

We can't do this work alone. We need your help.

Mental well-being is central to achieving stability in housing, in employment, in education, in relationships; which is why Pathfinders continues to expand its mental health services. And we need your help.

Join us on April 20 as we raise much-needed funds to support Pathfinders' mental health services for Milwaukee's most vulnerable youth.
